<p>Activities</p> <ul style="list-style-type: none"> • Explore the definition of miracle. Are there other logical or possible explanations? Think of an historic perspective to a miracle. • Read and watch stories of Jesus’s miracles (feeding of 5,000, stilling the storm, healing paralysed man). • Talk about literal and metaphorical understanding of stories and discuss whether these stories teach important messages even if we don’t believe them. Does one understanding make Jesus seem more special than the other? Does either interpretation give the message better than the other? • Does it matter if the stories are not literally true? How do Christians with both understandings believe the stories help them? Could these stories be of use to non-Christians? 		
<p>Skills</p> <ul style="list-style-type: none"> • Describe and show understanding of how the miracles of Jesus impacted on people at the time and on the church and believers today • Describe and make links between a belief in miracles and the behaviour of Christians • Give reasons why people do or do not believe the miracles of Jesus • Refer to biblical quotations when explaining the miracles
